

Project Experiences

FI DC move (Munkkiniemi) program		2024 -
Customer / Kyndryl	Business pressures (lease end, negative GP%),mandate evacuation of Finland MNK DC. Target is to reduce costs across the board. Roles Program manager / Program manager for FI DC move program. Planning, business cases, approvals, starting and monitoring projects, reporting	
FI DC move (Munkkiniemi) shared distributed systems to DK		2024
Customer / Kyndryl	Part of the FI DC move program - move distributed services from Finland to Denmark for all shared infra accounts Roles Project Manager / Initial project planning, handover and support to PM	
FI DC move (Munkkiniemi) Mainframe move		2024 -
Customer / Kyndryl	Part of the FI DC move program - move mainframe services away from the closing DC Roles Project Manager / Initial project planning, project execution	
FI DC move (Munkkiniemi) Network		2024 -
Customer / Kyndryl	Part of the FI DC move program - create new networks (intra and inter) for the services in the new FI DC Roles Project Manager / Initial project planning, project execution	
FI DC move (Munkkiniemi) Samlink move		2024 -
Customer / Kyndryl	Part of the FI DC move program - move Samlink services out of the closing DC Roles Project Manager / Initial project planning, handover and support to PM	
FI DC move (Munkkiniemi) decommissions		2024 -

Customer / Kyndryl	Part of the FI DC move program - decommission hardware in the closing DC
	Roles Project Manager / Initial project planning, handover and support to PM
KELA CSM upgrade	
	2023
Customer / kela	Our customer required Global mirroring enhancements to their environment. Using Copy Services Manager (CSM), we provided a global mirroring configuration to their multi-site mainframe environment
	Roles Project Manager / Initial project planning, project execution
KELA SGKLM	
	2023
Customer / kela	Secure key management implementation for mainframe environment
	Roles Project Manager / Initial project planning, project execution
FI DC move (Munkkiniemi) phase 1 planning	
	2023 - 2024
Customer / Kyndryl	Prestudy for DC move
	Roles Program manager / Initial project planning, project execution
FI DC move (SuviLahti)	
	2022 - 2023
Customer / Kyndryl	DC downsizing. Consolidating DC space for cost reductions
	Roles Program manager / Initial project planning, project execution
FI DC move (SuviLahti) - prestudy	
	2022 - 2023
Customer / Kyndryl	pre-study project for DC downsizing
	Roles Project Manager / Initial project planning, project execution

KELA siteC project		2022 - 2023
Customer / Kela	Building 3rd site for KELA - separate location for disaster recovery of mainframe services Roles Project Manager / Initial project planning, project execution	
KELA SLB		2022
Customer / Kela	System Level Backup implementation, Mainframe environment Roles Project Manager / Initial project planning, project execution	
Natrium		2021 - 2022
Customer / TietoEvyry / Kyndryl	Mainframe refresh and relocation -> MKA Roles Project Manager / Initial project planning, project execution	
Finnair transition out to cloud (AWS)		2020 - 2022
Customer / Finnair Oyj	IBM DC -> AWS Roles Project Manager / Initial project planning, project execution	
Onprem exchange upgrade		2020
Customer / Finnair Oyj	Upgrade of on premises Exchange environment Roles Project Manager / Initial project planning, project execution	
TDMF data migration		2020
Customer / OP Pohjola	Mainframe data migration, TDMF Roles Project Manager / Initial project planning, project execution	

Cloud DC migration

2020

Customer / Vaisala

Cloud migration

Roles

Project Manager / overall responsibility to bring together multiple cloud departments/resources to enable mandatory cloud migration migration from ehningen/montpelier, to frankfurt/london
Contribution: coordination of multiple cloud departments/resources

Pre-sales work

2020 - 2021

Customer / Finnair Oyj

pre-sales work

Roles

Project Manager / pre-sales work

Citrix XA upgrade

2019 - 2021

Customer / Finnair Oyj

citrix xenapps upgrade

Roles

Project Manager / Full project lifecycle

IMI IOT support

2019 - 2020

Customer / Kone

Support IMI China team with go live of IOT cloud platform

Roles

Project Manager / Contribution: Assist IMI team

LIDO upgrade

2019 - 2020

Customer / Finnair Oyj

LIDO application upgrade

Roles

Project Manager / Contribution: complete and close

SOLMAN upgrade

2019 - 2020

Customer / Finnair Oyj	SOLMAN application upgrade - AIX upgrade, TREX installation. Roles Project Manager / Initial project planning, project execution
AMOS (Aircraft maintenance) environment upgrade	
Customer / Finnair Oyj	2019 - 2020 AMOS application environment upgrade - OS, network, and 3rd party apps Roles Project Manager / Initial project planning, project execution
MQ concentrator upgrade	
Customer / Finnair Oyj	2019 MQ (message queue) concentrate upgrade in test and production environments Roles Project Manager / Initial project planning, project execution
Groundstar Realtime upgrade	
Customer / Finnair Oyj	2019 Groundstar application upgrade. Client/server upgrades, test and production, MQ and Oracle Roles Project Manager / Initial project planning, project execution
Pre-sales work	
Customer / Finnair Oyj	2019 "Pre application - e, network, and 3rd party apps. projects include: ICP/IKS Groundstar ORM shared platform upgrade MQ concentrator upgrade Citrix XA upgrade AMOS upgrade Netapp Exchange upgrade SAP solman"

Nic Garton
Associate Director, Program Management
2024

Roles

Project Manager / Pre-sales project planning

Ferrosan Itera Upgrade

2018 - 2019

Customer / ferrosan

Ferrosan Itera - AS400, SAP, Itera, IBM System I

Roles

Project Manager / Initial project planning, project execution

KELA AI environment - infra

2018

Customer / Kela

KELA application - infra - LA, network, and 3rd party apps. PAAS (IBM cloud private), Automation Anywhere, Spectrum Protect plus, ICP4data, Kubernetes, Docker, Openshift

Roles

Project Manager / Initial project planning, project execution

Posti A2A Securing Christmas 2018

2018

Customer / Posti Oyj

Securing Posti applications to ensure smooth running over Christmas period.

Roles

Project Manager / Initial project planning, project execution

OS upgrade project

2019

Customer / Finnair Oyj

OS upgrades

Roles

Project Manager / Initial project planning, project execution

AWB GCM

2018

Customer / Finnair Oyj

customer application upgrade

Roles

Nic Garton
Associate Director, Program Management
2024

Project Manager / Initial project planning, project execution

sapfco banking

2018 - 2019

Customer / Finnair Oyj

customer application upgrade

Roles

Project Manager / Initial project planning, project execution

sapifco upgrades

2018

Customer / Finnair Oyj

customer application upgrade - AIX and DB2

Roles

Project Manager / Initial project planning, project execution

SIRAX SAP upgrade

2017 - 2018

Customer / Finnair Oyj

customer application upgrade - SAP, AIX, Oracle, and system upgrade

Roles

Project Manager / Initial project planning, project execution

ADFS

2016 - 2019

Customer / Finnair Oyj

Active Directory Federated Services implementation

Roles

Project Manager / Initial project planning, project execution

T&T restlist Project Manager

2016 - 2019

Customer / Finnair Oyj

Completing of outstanding tasks from incorrectly signed off T&T program. Citrix migration, Bluemix, Hybrid cloud.

Roles

Project Manager / Initial project planning, project execution

Oracle Platform Migration

2015 - 2016

Customer / Posti Oyj

transfer of 150 Oracle DBs

Roles

Project Manager / Initial project planning, project execution

Initial project planning, project execution

2016

Customer / Ikea SE

decommission of infra after services moved to cloud

Roles

Project Manager / decommissioning activities

Engagement Transition and Transformation team member

2015

Customer / Tieto Evry –
ERP, Project
Management, Strategy

Developing the T&T sections of the Master Service Agreement for contract inclusion

Roles

Project Manager / "Specializing on Midrange and Mainframe Transformation documentation"

NAS Migration

2014

Customer / Posti Oyj

"Planning, implementing, closing of project to move Network Attached Storage (NETAPP) data from Itella/Opus Capita - Tieto to IBM. Includes planning and implementing complex cutovers to minimize critical customer application downtime."

Roles

Project Manager / "Full lifecycle project management. Use of limited resources to meet customer requested schedules.""
(NETAPP) data from Itella/Opus Capita - Tieto to IBM. Includes planning and implementing complex cutovers to minimize critical customer application downtime.
Contribution: Full lifecycle project management. Use of limited resources to meet customer requested schedules."

Transition Infrastructure Stream

2013 - 2014

Customer / Itella

Customer infra transition project

Roles

Project Manager / "Tower Lead (PM) - Transition Infrastructure Stream
Direct and lead planning and execution of the Transition Infrastructure Stream.
Maintain close relationship with customer counterpart.
Contribution: Full project management lifecycle direction.
Direct and lead planning and execution of the Transition Infrastructure Stream.
Maintain close relationship with customer counterpart.
Contribution: Full project management lifecycle direction."

System I tape robots move

2013

Customer / IBM

IBM I tape robot transition

Roles

Project Manager / Initial project planning, project execution

Finland Data Centre Consolidation Program

2012 - 2013

Customer / IBM

Program manager, consolidation Munkkiniemi DC to reduce power consumption, by consolidation, decommission, and relocation. 9MEur budget under direct control

Roles

Project Manager / Initial project planning, project execution

ARASI project

2011 - 2012

Customer / Arek

Create clustered environments .- AIX, DB, MQ, WAS

Roles

Project Manager / Initial project planning, project execution

Vakuutuskausitodistusovelluksen ympäristö Project

2010 - 2013

Customer / Arek

Create / update needed environments

Roles

Nic Garton
Associate Director, Program Management
2024

Project Manager / Initial project planning, project execution

SQL cluster project

2010 - 2011

Customer / Arek

Create 3 node intel SQL clusters, consolidate 7 production SQL instances to the new clusters

Roles

Project Manager / Initial project planning, project execution

Sysplex1 project

2010 - 2011

Customer / Arek

Document and prepare implementation for mainframe parallel sysplexes

Roles

Project Manager / Initial project planning, project execution

Environment upgrades

2010 - 2012

Customer / Arek

Upgrades to test and production environments

Roles

Project Manager / Deployment coordinator

Santra1 project

2010 - 2011

Customer / Arek

Upgrades to test and production environments

Roles

Project Manager / Initial project planning, project execution

Yhella NOHY ja TYHY

2010

Customer / Arek

Upgrades to test and production environments - Mainframe IMS, MQ, zOS, DB2, CICs

Roles

Project Manager / Initial project planning, project execution

työeläke.fi

2010

Customer / Arek

Build systems environments - Wintel, Dynagen, Trainershouse, MSSQL

Roles

Project Manager / Initial project planning, project execution

ANS test environments

2009 - 2010

Customer / Arek

Build test environments - MQ, WAS, AIX, Siteminder, DB2

Roles

Project Manager / Initial project planning, project execution

Fazer SAP environments upgrade

2009 - 2010

Customer / fazer

Transition of SAP infrastructure, upgrade and add high availability - AIX, SAP, HADR, Tivoli SA MP

Roles

Project Manager / Initial project planning, project execution

ARA02/ARAFI

2009

Customer / Arek

Build new AIX environments - WAS, Siteminder, DB2

Roles

Project Manager / Initial project planning, project execution

various service requests

2009 -

Customer / Arek

multiple service requests

Roles

Project Manager / coordinating small RFSes

Wintel Server Upgrade		2009
Customer / Arek	Upgrade of 60 Wintel servers - OS, antivirus, application, database Roles Project Manager / Initial project planning, project execution	
Transition program manager - ITD		2008 - 2009
Customer / Royal Sun alliance	Transition projects for 75Meur outsourcing deal. Roles Project Manager / Transition/Transformation manager	
Motors LAN renewal		2008
Customer / ABB	Refresh LAN devices in Motors environment (Vaasa) Roles Project Manager / Initial project planning, project execution	
Data Centre LAN renewal		2008
Customer / ABB	Refresh LAN devices in HKI DC, ensure applications work, add redundancy	
Web Portal deployment		2007 - 2008
Customer / SLO	Setup hardware and some software for brand new customer WEB portal Roles Project Manager / Initial project planning, project execution	
Token ring - > ethernet		2007
Customer / UPM	Move servers from token ring to ethernet	

Nic Garton

Associate Director, Program Management
2024

Roles

Project Manager / Initial project planning, project execution

Global Tivoli update

2008 - 2009

Customer / ABB

Setup Global TivoliMove 5500 ABB clients to new Global Tivoli

Roles

Project Manager / Initial project planning, project execution

Nokia Browsing Gateway 2.0

2005 - 2007

Customer / Nokia

"Software Development.
Product name: Nokia Browsing Gateway 2.0
Headcount: 50-80
Effort: 600 man months
OPEX: 7 Meur"

Roles

Program manager / As Program Manager, I had responsibility to ensure all deliverables were met within schedule and budget

Nokia Browsing Gateway 1.0

2003 - 2005

Customer / Nokia

"Software Development.
Product name: Nokia Browsing Gateway 1.0
Headcount: 40-60
Effort: 600 man months
OPEX: 8 Meur"

Roles

Program manager / As Program Manager, I had responsibility to ensure all deliverables were met within schedule and budget

Nokia WAP Gateway 4.1

2002 - 2003

Customer / Nokia

Nokia WAP Gateway 4.1

Roles

Program manager / As Program Manager, I had responsibility to ensure all deliverables were met within schedule and budget

Nokia WAP gateway

2000 - 2002

Customer / Nokia

Software Development

Roles

Project Manager / Project manager
